Management Company	FundRock Management Company S.A. is authorized in Luxembourg, and regulated by Commission de Surveillance du Secteur Financier
KID Production Date	04/09/24

What is this product?

Type	<p>The class Arcus Fund SICAV - Arcus Japan Fund S shares are a class of shares (the "Shares") in Arcus Japan Fund (the "Sub-Fund"), a sub-fund of Arcus FUND SICAV (the "Fund"). The Fund qualifies as an undertaking for collective investment in transferable securities (UCITS) and is organised as a public limited company (société anonyme) in the form of an investment company with variable capital (société d'investissement à capital variable). The Fund has appointed FundRock Management Company S.A. as its management company (the "Management Company"). The Sub-Fund is a sub-fund of an investment fund, whose performance will depend on the performance of its portfolio as further described in the section "Objectives" of this KID.</p>
Term	<p>The Sub-Fund has no maturity date. The PRIIP manufacturer is not entitled to terminate the PRIIP unilaterally. In accordance with the provisions of the Prospectus, the Board of Directors of the PRIIP can decide to liquidate a Sub-Fund or a share class. The board of directors may terminate/liquidate/split the Sub-Fund or a share class under certain circumstances, as further detailed in section "23.2. LIQUIDATION, MERGER, SPLIT OR CONSOLIDATION OF SUB-FUND(S)/CLASSES" of the prospectus.</p>
Objectives	<p>The investment objectives of the Sub-Fund are to achieve long-term capital appreciation and to outperform the Tokyo Stock Exchange First Section Total Return Index (TOPIXTR) (the "Benchmark"). The Sub-Fund does not intend to track the Benchmark. The Sub-Fund is actively managed but uses its Benchmark as a performance measure. The Sub-Fund's portfolio may deviate significantly from the Benchmark but, in principle, the majority of the securities held in the Sub-Fund's portfolio are components of the Benchmark.</p> <p>The Sub-Fund will take long positions in securities the investment manager believes to be priced below fair value. The approach considers criteria such as earnings yield, asset value, and estimates of future profitability. Investments will mainly be shares in large and medium sized Japanese companies. Up to 15% of the Sub-Fund's net assets may be held in corporate bonds and up to 15% of the Sub-Fund's net assets may be invested in securities (bonds and equities and related instruments) from issuers worldwide. However, no more than 15% of the Sub-Fund's net assets will be invested in bonds or other fixed income instruments at any one time. About 95% of the Sub-Fund's net assets will be held in long positions in shares and other equity-linked securities such as J-REITS (Japanese Real Estate Investment Trust), Exchange Traded Funds, Japanese closed-end investment trusts, convertible bonds, options and equity warrants. The remainder of the Sub-Fund's net assets will be held in the form of cash and short-term money market instruments which will consist of up to 20% in cash sight deposits under normal market circumstances and can be up to 100% in cash and money market instruments in the event of adverse market conditions.</p> <p>Taking into account the long-term holding period and the characteristics of the investments, the performance of the Sub-Fund therefore depends on the performance of the investments over time. A positive performance of the investments will lead to a positive performance of the Sub-Fund. Equally, a negative performance of the investments will cause a negative performance of the Sub-Fund.</p> <p>For an article 6 SFDR, disclosure not mandatory, but optional: The Sub-Fund does not have a sustainable investment as its objective nor intends to promote specific environmental or social characteristics as defined by EU Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector and is an article 6 fund.</p> <p>Income and capital gains are reinvested in the case of the accumulation shares and distributed in the case of the distributing shares.</p>
Depository	Northern Trust Global Services SE
Additional Information	Tokyo Stock Exchange First Section Total Return Index (TOPIX TR)
Intended retail investor	<p>The S class is intended for one or more Institutional Investors. For the purpose of MiFID II target market classification, we believe the Sub-Fund has a return profile of "Growth." Investors investing in the Sub-Fund accept that the issuer could fail to pay or perform its obligations under the Sub-Fund, and they are able to bear a total loss of their investment. They are also willing to accept a level of risk to achieve potential returns that is consistent with the risk summary indicator shown below.</p>

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed: In the first year you would get back the amount that you invested (0% annual return). For the other holding periods, we have assumed the product performs as shown in the moderate scenario. JPY 10,000 is invested.

Investment JPY 10,000		
Scenarios	If you exit after 1 year	If you exit after 5 years
Total costs	86 JPY	654 JPY
Annual cost impact(*)	0.86 %	0.94 %

(*) This illustrates how costs reduce your return each year over the holding period. For example, it shows that if you exit at maturity your average return per year is projected to be 9.2% before costs and 8.26% after costs.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry cost	0.0% of the amount you pay in when entering this investment	0 JPY
Exit cost	0.0% of your investment before it is paid out to you	0 JPY
Ongoing costs [taken each year]		
Management fees and other administrative or operating costs	0.78% of the value of your investment per year. This is an estimate based on actual costs over the last year.	78 JPY
Transaction costs	0.08% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	8 JPY
Incidental costs taken under specific conditions		
Performance fees	The actual amount will vary depending on how well your investment performs. The aggregated cost estimation above includes the average over the last 5 years.	0 JPY

How long should I hold it and can I take my money out early?

Recommended holding period: 5 years

The Sub-Fund is designed to meet the investment objectives and needs of investors who are seeking long term capital growth potential. The Sub-Fund is not suitable for investors with a short-term investment horizon i.e. investors are expected to hold their investment for five years or more. Redeeming from the Sub-Fund before the recommended holding period has expired may increase the risk that the objectives of the Sub-Fund may not be achieved. You may receive less than expected if you cash in earlier than the recommended holding period. The recommended holding period is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels. You can request the sale of your product on a daily basis. Payment of the redemption price will be made by the depositary or its agents in the relevant reference currency within a maximum of five (5) valuation days counting from and including the Valuation Day on which the net asset value per share of the relevant class is determined. In volatile or unusual market conditions, or in the event of technical faults/disruptions, the purchase and/or sale of the Sub-Fund can be temporarily hindered and/or suspended and may not be possible at all.

How can I complain?

Complaints about the behaviour of the person who advised you on the product or sold it to you, should be addressed directly to that person. Complaints about the product or the behaviour of the manufacturer of this product should be directed to the following address: Postal address: FundRock Management Company S.A., 33 Rue de Gasperich, 5826 Hesperange, Luxembourg. E-mail: FRMC_qualitycare@fundrock.com In all cases, the complainant must clearly indicate his/her contact details (name, address, phone number or email address) and provide a brief explanation of the claim. Please refer to: <https://www.fundrock.com/policies-and-compliance/frd-complaints-handling-policy/>
