CB Fund (hereafter the "Fund"), is an umbrella mutual investment fund governed by Part I of the amended Luxembourg Law of 17th December 2010 relating to Undertakings for Collective Investment (the "2010 Law"). The Fund is set up in accordance with General Management Regulations signed in Luxembourg on 11th April 2005 and Special Regulations (hereafter the "Management Regulations"). The Special Regulations were signed in Luxembourg on 30th April 2008 and entered into force on 5th May 2008.

The Fund is registered with the Luxembourg Register of Commerce ("RCS") under the number K35. The General Management Regulations and the Special Regulations have been deposited with the RCS. A notice of deposit of the last amendment of the Special Regulations was published in *Mémorial C* on 9th April 2014. Publications made after 1st June 2016 are available on the new platform called "*Recueil électronique des sociétés et associations* ("RESA")" accessible through the website of the RCS.

CB Fund's assets are the undivided joint property of the unitholders and are separate from the assets of the Management Company.

The main objective of the Fund is to provide active and professional management, to diversify investment risks and satisfy investors seeking longer-term capital growth. As in the case of any investment, the Management Company cannot guarantee future performance and there can be no certainty that the investment objectives of the Fund will be achieved.

The Fund currently issues units in one Sub-Fund: CB Fund - Save Earth Fund® (hereafter the "Sub-Fund").

The Management Company offers Class "C" and Class "D" units for institutional investors ("IC" and "ID" unit class) as well as for retail investors ("RC" and "RC-SEK" unit class) in the Sub-Fund. Retail units ("R" unit class) may be issued to all kind of investors whereas institutional units ("I" unit class) may only be acquired by investors as defined by Article 174 (2) of the 2010 Law.

Class C units capitalize income. Class D units distribute dividends.

Class IC and Class ID units are subject to a minimum initial investment of EUR 500,000.

Class ID units will distribute on an annual basis, on the first business day of November in Luxembourg, a dividend of 6% of the average Net Asset Value of Class ID (prior to the distribution of dividend) as at the last business day of October in Luxembourg. There will be no distribution of dividend in the case where such distribution would cause the net assets of the Fund to fall below the minimum capital required under the Law.

The following unit classes are currently available for subscription:

Name of unit class	Currency
IC	EUR
ID	EUR
RC	EUR
RC-SEK	SEK

The Sub-Fund's Net Asset Value per unit is calculated daily as of each business day in Luxembourg. The accounts and the financial statements of the Fund are expressed in EUR and correspond to the financial statements of the sole Sub-Fund open.

The Net Asset Value per unit, issue and redemption prices of each Sub-Fund and of each class of units may be obtained during business days at the registered office of the Management Company.

The financial year of the Fund ends on 31st December of each year.

The Fund publishes an annual report drawn up as per 31st December and a semi-annual report as per 30th June. Audited annual and unaudited semi-annual reports and all other information concerning the Fund are available to unitholders at no costs at the offices of the Management Company, the Depositary and any Paying Agent.

Market and performance review

The year 2018 began with a continuation of the upward trends on the equity markets. In the first three quarters of the year CB Fund - Save Earth Fund® RC class gained 4.1% while the benchmark index MSCI World Net gained 9.0%. In the last quarter the markets turned down. Both the Fund's RC class and the benchmark index lost -12.0%, thus ending the year down. The Fund's RC class lost -8.4% in 2018 compared to -4.1% for the benchmark.

All three environmental sectors that the Fund invests in underperformed MSCI World Net. The renewable energy sector performed worst and lost -15.4%, followed by the cleantech sector that lost -7.3%. The water sector, which has been a stable base, performed a little better with -5.5% but still underperformed MSCI World.

Regarding sector allocation, cleantech remained as the Fund's largest sector most of the year but in October it was replaced by the water sector as the largest environmental sector exposure. At the end of the year eight of the top ten holdings in the Fund were companies in the water sector. Renewable energy remained our smallest sector exposure. Regarding geographical allocation North America replaced Europe as the largest exposure during the year, as it was 2016. Asia was again our smallest exposure out of the three regions.

Audit report

To the Unitholders of **CB Fund**

Our opinion

In our opinion, the accompanying financial statements give a true and fair view of the financial position of CB Fund (the "Fund") as at 31 December 2018, and of the results of its operations and changes in its net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

What we have audited

The Fund's financial statements comprise:

- the statement of net assets as at 31 December 2018;
- the statement of investments and other net assets as at 31 December 2018;
- the statement of operations and other changes in net assets for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies.

Basis for opinion

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (Law of 23 July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier" (CSSF). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the "Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the financial statements" section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements. We have fulfilled our other ethical responsibilities under those ethical requirements.

Other information

The Board of Directors of the Management Company is responsible for the other information. The other information comprises the information stated in the annual report but does not include the financial statements and our audit report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Cabinet de révision agréé. Expert-comptable (autorisation gouvernementale n°10028256) R.C.S. Luxembourg B 65 477 - TVA LU25482518

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors of the Management Company for the financial statements

The Board of Directors of the Management Company is responsible for the preparation and fair presentation of the financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Management Company determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Management Company either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the financial statements

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
 evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting
 a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may
 involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal
 control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Management Company;

- conclude on the appropriateness of the Board of Directors of the Management Company's use of the
 going concern basis of accounting and, based on the audit evidence obtained, whether a material
 uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability
 to continue as a going concern. If we conclude that a material uncertainty exists, we are required to
 draw attention in our audit report to the related disclosures in the financial statements or, if such
 disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence
 obtained up to the date of our audit report. However, future events or conditions may cause the Fund
 to cease to continue as a going concern;
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Note 1 - Significant accounting policies

a) <u>Presentation of the financial statements</u>

The financial statements of the Fund are established in accordance with the Luxembourg legal and regulatory requirements concerning Undertakings for Collective Investment and with generally accepted accounting principles in Luxembourg.

b) <u>Valuation</u>

For the valuation of the Fund's assets, the following is observed:

1) Valuation is done on the basis of the last stock exchange prices available. Securities quoted on an official stock exchange or any other regulated market which operates regularly and is recognised and open to the public, are valued on the basis of the last known price, and, if there are several markets, the last known price of the stock exchange which is the principal market for the security in question, unless these prices are not representative.

For unquoted securities, and for quoted securities, but for which the last known price is not representative, valuation is based on the probable sales value estimated prudently and in good faith by the Management Company.

- 2) The value of the units or shares of investment funds is based on the last available Net Asset Value.
- 3) The value of any cash on hand or on deposit, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interests declared or accrued and not yet received is deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof is arrived at after making such discount as may be considered appropriate in such case to reflect the true value thereof.
- 4) Liquid assets are assessed at their face value plus accrued interest.

c) Net realised gain/(loss) on securities portfolio

The net realised gain/(loss) on securities portfolio is determined on the basis of the average cost of securities sold.

d) Cost of securities

The acquisition cost of a security denominated in a currency other than that of the Sub-Fund is converted to the Sub-Fund's currency at the exchange rate prevailing on the date of purchase.

e) Exchange translation

Bank balances, other assets and liabilities and the value of securities held that are denominated in other currencies than the Sub-Fund's currency are converted at the prevailing exchange rate of the closing day. Income and expenses incurred in currencies other than the Sub-Fund's currency are converted at the prevailing exchange rate of the day of each transaction. Exchange gains and losses are disclosed in the statement of operations and other changes in net assets.

At the date of the financial statements, the prevailing exchange rates on the closing day were as follows:

7.4607039 DKK Danish Kr 0.8979496 GBP Pound Ster 9.8971227 NOK Norwegiar 10.1417247 SEK Swedish K 1.1420000 USD USD	n Krona Irona
1.1430000 USD US Dollar	

f) Investment income

Dividend income is recognised on an ex-dividend basis and is recorded net of withholding tax.

g) <u>Transaction fees</u>

Transaction costs disclosed under the caption "Transaction fees" in the expenses of the statement of operations and other changes in net assets are mainly composed of broker fees incurred by the Fund relating to purchases or sales of securities, of fees relating to liquidation of transactions paid to the Depositary.

Note 2 - Subscription, redemption and conversion fees

The issue price per unit is equivalent to the Net Asset Value per unit and may be increased by a subscription fee not exceeding 5% of the Net Asset Value per unit of the relevant class, payable to the parties involved in the sales of units.

No redemption fee is applicable to Class C units for the moment. A redemption fee of 1% based on the applicable Net Asset Value is applicable to Class D units.

Note 3 - Management fees

In consideration for its services related to the Sub-Fund, the Management Company is entitled to receive out of the Sub-Fund's assets a management fee of maximum 1.075% p.a. including the fees due to the Investment Manager and payable monthly in arrears based on the Sub-Fund's average net assets calculated each Valuation Day. In addition, the Investment Manager is entitled to receive out of the assets of the Sub-Fund a research fee not exceeding 0.1% p.a. which is payable quarterly in arrears based on the Sub-Fund's average net assets calculated each Valuation Day.

At the date of the financial statements, the effective annual management fee rates excluding the research fee were:

Unit class	Effective rate	Effective rate
	(until 2nd	(as from 3rd
	January 2018)	January 2018)
IC	0.525%	0.50%
ID	0.525%	0.50%
RC	1.025%	1.00%
RC-SEK	1.025%	1.00%

The Investment Manager receives, out of the management fee, remuneration calculated on the average net assets of the respective Sub-Fund.

The Management Company may receive out of the Sub-Fund's assets an additional promotional fee of maximum 0.20% p.a., payable monthly in arrears based on the Sub-Fund's average net assets calculated each Valuation Day.

Note 4 - Performance fees

IC unit class

The performance fee per unit of the "IC" unit class equals 20% of the outperformance of the Net Asset Value per unit over the benchmark, which is the MSCI World Net Index (Bloomberg ticker: MSDEWIN), pre performance fee, but post the management fee and other types of fees, above the current Hurdle Value.

The performance fee is calculated and accrued daily and crystallized at the end of each calculation period. The calculation period for the "IC" unit class is quarterly.

The excess performance on each Valuation Day is defined as any difference between the current Base Net Asset Value (Base NAV) and the current Hurdle Value. If the difference is negative, excess performance is defined to be zero.

The Base NAV is calculated after deduction of the management fee and administration fee but prior to the calculation of any performance fee on the relevant Valuation Day.

The Hurdle Value is the NAV at the end of the last calculation period where performance fee was paid multiplied by the current value of the MSCI World Index and divided by the corresponding index value recorded at the end of the same calculation period.

The definitions and calculations are as follows:

Performance fee(t) = no of Units(t) * 20% * Excess performance (t)

No of units(t) = Number of units of the relevant unit class on the relevant Valuation Day before subscriptions and redemptions have been taken into account on that Valuation Day(t)

Excess performance = Base NAV(t) - Hurdle Value(t) if difference is larger than 0

The initial offer price of each unit class is the starting point for the first calculation of performance fee.

The performance fee is payable quarterly in arrears to the Investment Manager. In case an investor redeems during a calculation period, the accrued performance fee in respect of the investor's units will become payable to the Investment Manager.

ID unit class

The performance fee per unit of the "ID" unit class equals 20% of the outperformance of the Net Asset Value per unit over the benchmark, which is the MSCI World Net Index (Bloomberg ticker: MSDEWIN), pre performance fee, but post the management fee and other types of fees, above the current Hurdle Value.

The performance fee is calculated and accrued daily and crystallized at the end of each calculation period. The calculation period for the "ID " unit class is quarterly.

The excess performance on each Valuation Day is defined as any difference between the current Base Net Asset Value (Base NAV) and the current Hurdle Value. If the difference is negative, excess performance is defined to be zero.

The Base NAV is calculated after deduction of the management fee and administration fee but prior to the calculation of any performance fee on the relevant Valuation Day and includes any dividend distributed during the calculation period as well as performance of the dividend as though it was still invested.

The Hurdle Value is the NAV at the end of the last calculation period where performance fee was paid multiplied by the current value of the MSCI World Index and divided by the corresponding index value recorded at the end of the same calculation period.

The definitions and calculations are as follows:

Performance fee(t) = no of Units(t) * 20% * Excess performance (t)

No of units(t) = Number of units of the relevant unit class on the relevant Valuation Day before subscriptions and redemptions have been taken into account on that Valuation Day(t)Excess performance = Base NAV(t) – Hurdle Value(t) if difference is larger than 0

The initial offer price of each unit class is the starting point for the first calculation of performance fee.

The performance fee is payable quarterly in arrears to the Investment Manager. In case an investor redeems during a calculation period, the accrued performance fee in respect of the investor's units will become payable to the Investment Manager.

At the date of the financial statements, no performance fee was due for the ID unit class and IC unit class in the Sub-Fund.

Note 5 - Central administration costs

The Management Company is entitled to receive out of the Sub-Fund's assets an administration fee including the fees due to the Depositary and the Registrar and Transfer Agent function.

Central Administration fees are disclosed in the item "central administration costs" in the statement of operations and other changes in net assets.

Note 6 - Subscription duty ("taxe d'abonnement")

The Fund is governed by Luxembourg law.

Pursuant to the legislation and regulations which are prevailing, the Fund is subject to an annual subscription duty ("*taxe d'abonnement*") of 0.05% which is payable quarterly and calculated on the basis of the net assets of each Sub-Fund on the last day of each quarter. A reduced rate of 0.01% per annum is applicable to unit classes which are exclusively held by Institutional Investors.

According to Article 175 (a) of the amended Law of 17th December 2010 the net assets invested in Undertakings for Collective Investments already subject to the "*taxe d'abonnement*" are exempt from this tax.

Note 7 - Investment management fee of the target funds

When the Sub-Fund invests in other UCITS and/or other UCIs that are managed, directly or by delegation, by the same management company or by another company with which the management company is linked by common management or control, or by a substantial direct or indirect holding, the management company or such other company may not charge subscription or redemption fees on account of the Sub-Fund's investments in the units of such UCITS or other UCIs.

In respect of a Sub-Fund's investments in UCITS and other UCIs linked to the management company as described in the preceding paragraph, the total management fee (excluding any performance fee, if any) charged to such Sub-Fund and each of the UCITS or other UCIs concerned shall not exceed 5% of the relevant net assets under management.

The Sub-Fund did not invest in any linked target funds as at 31st December 2018.

Note 8 - Changes in the investment portfolio

The statement of changes in the investment portfolio for the period covered by the report is available free of charge upon request from the registered office of the Management Company and establishments responsible for financial services.

Note 9 - Event

FundRock Management Company S.A. has completed the acquisition of SEB Fund Services S.A. from Skandinaviska Enskilda Banken AB (publ) on the 15th November 2018. The deal was first announced on 22nd May 2018 and concluded following regulatory approval of the Commission de Surveillance du Secteur Financier.

SEB Fund Services S.A. was renamed into FundRock Nordics S.A. on the 15th November 2018. On the 21st December 2018 FundRock Nordics S.A. was merged into FundRock Management Company S.A.

1 - Risk management

As required by Circular CSSF 11/512, the Board of Directors of the Management Company needs to determine the global risk exposure of the Fund by applying either the commitment approach or the VaR ("Value at Risk") approach.

The Board of Directors of the Management Company decided to adopt the commitment approach as a method of determining the global exposure.

2 - Remuneration disclosure

FundRock Management Company S.A. ("FundRock") has established and applies a remuneration policy in accordance with the principles laid out under the AIFMD and UCITS V directive, and any related legal & regulatory provisions applicable in Luxembourg. The remuneration policy is aligned with the business strategy, objectives, values and interests of the Management Company and the Funds that it manages and of the investors in such Funds, and which includes, *inter alia*, measures to avoid conflicts of interest; and it is consistent with and promotes sound and effective risk management and does not encourage risk taking which is inconsistent with the risk profiles, rules or instruments of incorporation of the Funds that the Management Company manages.

As an independent management company relying on a full-delegation model (i.e. delegation of the collective portfolio management function), FundRock ensures that its remuneration policy adequately reflects the predominance of its oversight activity within its core activities. As such, it should be noted that FundRock's employees who are identified as risk-takers under UCITS V are not remunerated based on the performance of the funds under management.

A paper version of the remuneration policy is made available free of charge to investors at FundRock's registered office.
