#### General information

Rhenman & Partners Fund (the "Fund") is an open-ended mutual investment fund incorporated under the laws of the Grand Duchy of Luxembourg as a "Fonds Commun de Placement" ("FCP") registered pursuant to Part II of the Law of 17th December 2010 relating to Undertakings for Collective Investment since 1st January 2011 (hereafter the "Law").

The Fund is set up in accordance with General Management Regulations (hereafter the "Management Regulations") signed in Luxembourg on 5th June 2009. A notice of the amended Management Regulations has been published on 18th June 2009 in the "Mémorial C, Recueil des Sociétés et Associations" (the "Mémorial C").

The registered office of the Management Company is established at 6a, Circuit de la Foire Internationale, L-1347 Luxembourg.

The Fund is an umbrella fund and as such provides investors with the choice of investment in a range of several separate Sub-Funds each of which relates to a separate portfolio of liquid assets and other securities and assets permitted by Law with specific investment objectives, as described in Part B of the current prospectus.

At present, one Sub-Fund is at the unitholder's disposal:

- Rhenman & Partners Fund - Rhenman Healthcare Equity L/ S in EUR. (hereafter "Rhenman Healthcare Equity L/ S")

For the time being only the classes IC1 (EUR), IC2 (EUR), IC3 (EUR), RC1 (SEK), RC1 (EUR) and RC2 (SEK) are available.

The class I units are reserved to institutional investors as defined by article 174 paragraph (2), c) of the Law.

The financial year of the Fund ends on 31st December.

The Net Asset Value per unit of each class, subscription and redemption prices in the Sub-Fund are available at the registered office of the Management Company.

The Fund's currency is euro (EUR).

The Net Asset Value per unit of the Sub-Fund is calculated monthly as of the last Business Day of each month in Luxembourg ("Valuation Day"), under the overall responsibility of the Management Company.

Financial reports of the Fund are published annually and semi-annually. These reports, as well as the sales prospectus and all information concerning the Fund are available at the registered office of the Management Company, the Custodian Bank and Paying Agent.

#### **Report from the Investment Manager**

To the Unitholders,

The main fund share class "IC1 (EUR)" rose by 9.66% in 2011. The stated strategy of the fund is to hold roughly a third of small, medium and large cap companies respectively over time, a diversification target that is continuing to show its strength. The Biotechnology sub-sector contributed significantly to the positive performance during the year. Medical technology companies came back during the second half but had a mediocre year on average. Pharmaceutical companies had a positive year as there was renewed focus on the steady progress of pipelines. Service companies continued to climb as the healthcare reform now is fully understood and is also mostly supportive to managed care companies. Finally, the strengthening of the dollar gave support to the fund.

The year was quite turbulent due to the ongoing financial crisis in Europe and during the renewed recession fears in the US during the summer. The European Central Bank came to rescue markets late in the year with the supply of in principle unlimited three year financing for banks against less restrictive collateral requirements. The first part of the Long-Term Refinancing Operation was very successful and helped to stabilize markets during December.

An active year is ahead of us. As we correctly predicted for 2011 the market continued to favour growth stocks to the benefit of small and medium-sized companies in the various sub-sectors of the healthcare industry, not least biotechnology. We continue to believe this is a relevant scenario for 2012, at least for the first half of the year. The high activity level of M & A's as a result of the current low interest rate environment is also likely to continue. The number of IPO's continues to be few but the activity level will pick up, most likely already during the spring.

The growth in demand for healthcare has bottomed-out for this economic cycle and will now gradually rise, albeit cautiously. Austerity measures in Europe continue to weigh on growth prospects but most regions have strong underpinnings. The prospects overall therefore look quite good for the year ahead, despite the strong recovery during the autumn. We also think it is likely that allocations between stocks and bonds among many of the larger financial institutions will gradually shift towards an increased proportion of shares. However, there is no apparent reason why just the large pharmaceutical companies should have a particularly good year - it is probably still somewhat early in the global recovery, which is why we continue to underweight this particular sub-sector, despite very low valuations. Sometime in 2012, most likely in the second half, will the appetite for these large companies hopefully rise.

## Note 1 - Significant accounting policies

#### a) Presentation of the financial statements

The financial statements of the Fund are established in accordance with the Luxembourg legal and regulatory requirements concerning undertakings for collective investment.

#### b) Valuation

- 1) The value of any cash on hand or on deposit, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received is deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof is arrived at after making such discount as may be considered appropriate in such case to reflect the true value thereof.
- 2) The value of assets, which are listed or dealt in on any stock exchange, is based on the last available price of the preceding business day on the stock exchange, which is normally the principal market for such assets.
- 3) The value of assets dealt in on any other regulated market which is recognised, operating regularly and open to the public (a "Regulated Market") is based on the last available price.
- 4) In the event that any assets are not listed or dealt in on any stock exchange or on any other Regulated Market, or if, with respect to assets listed or dealt in on any stock exchange, or other Regulated Market as aforesaid, the price as determined pursuant to sub-paragraph (2) or (3) is not representative of the fair market value of the relevant assets, the value of such assets will be based on the reasonably foreseeable sales price determined prudently and in good faith.
- 5) The liquidating value of options contracts not traded on exchanges or on other Regulated Markets is their net liquidating value determined, pursuant to the policies established by the Board of Directors, on a basis consistently applied for each different variety of contracts. The liquidating value of futures, forward or options contracts traded on exchanges or on other Regulated Markets are based upon the settlement or closing prices of these contracts on the preceding business day on exchanges and Regulated Markets on which the particular futures, forward or options contracts are traded by the Fund; provided that if a futures, forward or options contract could not be liquidated on the day with respect to which net assets are being determined, the basis for determining the liquidating value of such contract shall be such value as the Board of Directors of the Management Company may deem fair and reasonable.
- 6) Units or shares of open-ended underlying funds are valued at their last determined and available Net Asset Value or, if such price is not representative of the fair market value of such assets, then the price shall be determined by the Board of Directors of the Management Company on a fair and equitable basis and in good faith.
- 7) All other securities and other assets are valued at fair market value as determined in good faith pursuant to the procedures established by the Management Company.

#### Notes to the financial statements (continued) as at 31st December 2011

#### e) Exchange translation

Bank balances, other assets and liabilities and the value of securities held that are denominated in other currencies than the Sub-Fund's currency are converted at the prevailing exchange rate of the closing day. Income and expenses incurred in currencies other than the Sub-Fund's currency are converted at the prevailing exchange rate of the day of each transaction. ## Notes to the financial statements (continued)

#### j) Accounting principles relating to options

#### k) Short sales

The Fund is exposed to the risk of depreciation to the extend that the market value of the security sold short exceeds the proceeds of the short sales. Securities sold short are borrowed from the prime broker.

#### Note 2 - Subscription, Redemption and Conversion fees

The Offer price per unit as well as the Redemption price per unit is equivalent to the Net Asset Value per unit of the relevant class (or Gross Net Asset Value with respect to the subscription of class I2 units) increased by the subscription fee of the respective unit class for subscriptions and decreased by the redemption fee of the respective unit class for redemptions as indicated hereafter:

	Subscription fee	Redemption fee	Conversion fee
Unit class R	max 3%	max 3%	max 3%
Unit class I	max 3%	max 3%	max 3%

The subscription, redemption and conversion fee will revert to the Placement and Distribution Agent, i.e. Rhenman Partners Asset Management AB.

#### Note 3 - Management fees

The Management Company is entitled to receive out of the Sub-Fund's assets a management fee payable monthly in arrears based on the Sub-Fund's net assets calculated monthly, of:

- maximum 2.075% p.a. for the class RC1 (SEK) and RC1 (EUR),
- maximum 1.575% p.a. for the classes RC2 (SEK), IC1 (EUR) and IC3 (EUR),
- maximum 1.075% p.a. for the class IC2 (EUR).

For its services, the Investment Manager, Rhenman Partners Asset Management AB., receives out of the Management fee, an investment management fee calculated for each Valuation Day, paid out monthly in arrears.

At the date of the report, the applicable annual fees are as follows:

- 2.075% p.a. for the class RC1 (SEK) and RC1 (EUR),
- 1.575% p.a. for the classes RC2 (SEK), IC1 (EUR) and IC3 (EUR),
- 1.075% p.a. for the class IC2 (EUR).

## Notes to the financial statements (continued)

as at 31st December 2011

#### Note 4 - Performance fee

The Investment Manager is also entitled to receive a performance fee, payable out of the Sub-Fund's assets.

The performance fee is calculated and accrued monthly in the respective unit classes as described below and is paid out quarterly in arrears. The first period ended on 30th June 2009 and being followed by each successive quarter thereafter (the "Calculation Period").

For each Calculation Period, the performance fee in respect of each unit is equal to 20% (10% for the class IC3 (EUR)) of the appreciation in the Gross Asset Value per each unit of that class during the Calculation Period above the Base Net Asset Value per each unit of that class.

The GNAV is calculated after deduction of the management fee and administration fee but prior to the calculation of any performance fee on the relevant Valuation Day.

The Base Net Asset Value per each unit is the greater of the Net Asset Value of that unit at the time of issue of that unit multiplied by the 3 months EURO Interbank Offered Rate on the last bank business day of the previous calculation period adjusted for monthly return and the highest GNAV of that unit achieved as of the end of any previous Calculation Period (if any) during which such unit was in issue multiplied by the 3 months EURO Interbank Offered Rate for the relevant calculation period adjusted for monthly return.

For the class IC2 (EUR), certain adjustments will be made to reduce inequities that would occur for investors subscribing in Units at a time when the Net Asset Value per Unit is other than the Base Net Asset Value per Unit (Equalisation). Equalisation adjustments are no more applicable to the class IC3 (EUR).

#### Note 5 - Central administration costs

Out of the Sub-Fund's assets an administration fee of maximum 0.135% p.a. is payable to the Management Company monthly in arrears based on the Sub-Fund's average net assets calculated monthly. This fee includes the fee due to the Custodian. However the Management Company is entitled to a minimum monthly administration fee of EUR 3,333 payable monthly in arrears to the Management Company.

#### Note 6 - Subscription duty ('taxe d'abonnement')

The Fund is governed by Luxembourg law.

Pursuant to the legislation and regulations which are prevailing, the Fund is subject to an annual subscription duty ("*taxe d'abonnement*") of 0.05% which is payable quarterly and calculated on the basis of the net assets of each Sub-Fund on the last day of each quarter.

Pursuant to Article 175 (a) of the law of 17th December 2010 the net assets invested in undertakings for collective investment already subject to the "*taxe d'abonnement*" are exempt from this tax.

The rate of this tax may be reduced to 0.01% of the value of the net assets for Sub-Funds or classes of units reserved to institutional investors.
